

# ST JUST PRIMARY SCHOOL ASSESSMENT IN COMPUTING

## Prior Learning

Assess previous knowledge and key concepts that will allow new learning to take place.  
Link back to learning in prior years.

## Start of a lesson

Discuss the WALT, and the technology that will be used for that lesson

## Input of the lesson

To work through questioning and answering through the use of power points and relevant video clips.

## During independent practice

Children will use IT equipment linked to that session. This could be laptops/I-pads/digital cameras/Beebots etc. Assessment of understanding through continued questioning via the adults in the classroom.  
Using the Talk Thru approach to deepen children's understanding  
In IT children may work independently/small groups/whole class

## End of the lesson

Review the end of the session through marking and addressing misconceptions, questioning and discussion.

End of unit assessment, children complete these independently and then teachers plan for intervention time
